About PU Code Hackathon 3.0

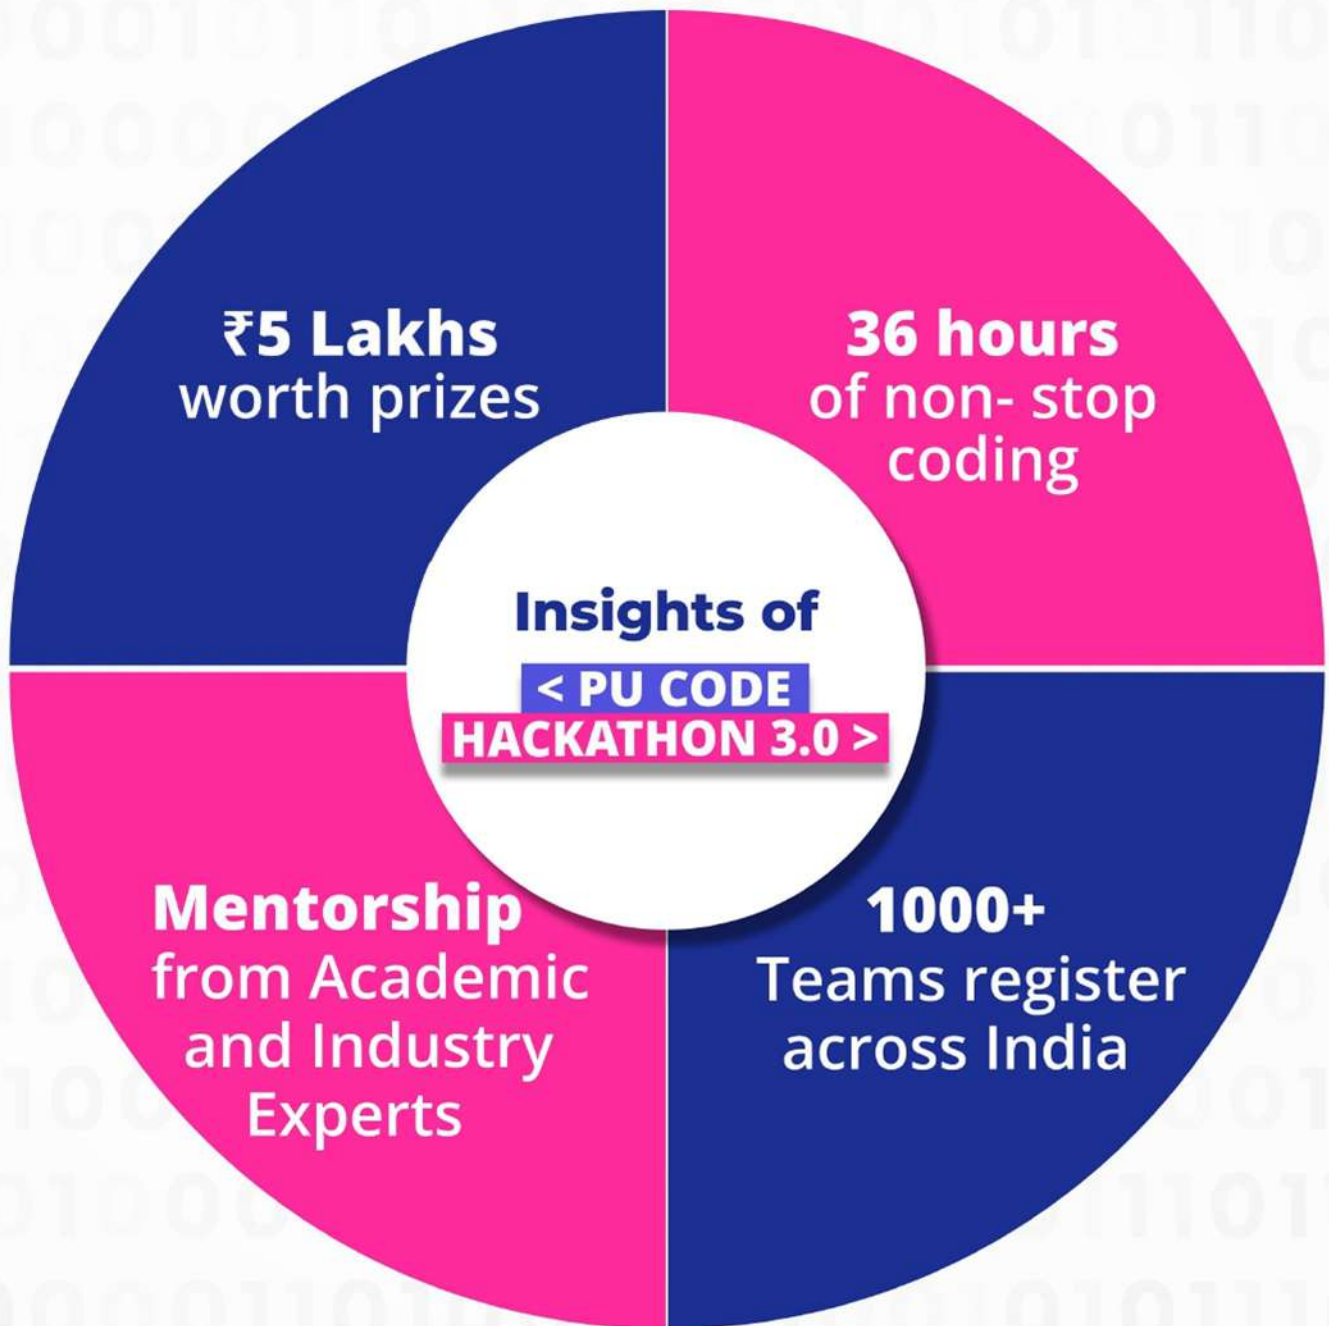

PU Code Hackathon 3.0 is a national-level hackathon organised by the Faculty of Engineering & Technology, Parul University, Vadodara, with the objective of fostering a culture of innovation, technical excellence, and solution-oriented learning among students across India. Conducted in collaboration with Vadodara Municipal Corporation (VMC), the hackathon emphasizes the development of technology-driven solutions for real-world and civic challenges, while encouraging socially responsible and sustainable innovation.

PU Code Hackathon 3.0 received an overwhelming response with 1000+ registrations from across the country, out of which 246 teams were shortlisted to participate in the final round. The finalists represent 50+ universities nationwide, reflecting the hackathon's growing national reach, academic diversity, competitive excellence, strong institutional participation, and increasing recognition among premier technical institutions across India.

This edition of the hackathon is organised across eight focused technology tracks, namely Smart Vadodara: VMC Innovate, Artificial Intelligence, Cyber Security, Cloud Computing, Big Data, Blockchain Technology, Web 2.0 Technologies, and IoT (Internet of Things). The hackathon provides participants with mentorship, technical guidance, evaluation by academic and industry experts, and a collaborative environment that promotes interdisciplinary teamwork, experiential learning, ethical innovation, and the development of scalable, impactful solutions aligned with contemporary technological, industrial, and societal needs.

Day 2 : 24th January, 2026

MASTER SCHEDULE

12:00 AM	Midnight Snack Break	Bhagat Singh Building (N-Block)
01:00 AM	Hacking Session 4	
04:00 AM	Late Night Refreshments	
04:30 AM	Hacking Session 5	
07:30 AM	Breakfast	
08:30 AM	Hacking Session 6	
11:30 AM	Lunch	
12:30 PM	Project Submission	
02:30 PM	Judging and Deliberation	Central Auditorium
03:30 PM	Closing Ceremony	

Day 1 : 23rd January, 2026

MASTER SCHEDULE

09:00 AM	Registration and Check-in	MBBS Parking
10:00 AM	Inauguration Ceremony	Medical Auditorium
10:30 AM	Expert Talk Session	
12:00 PM	Problem Solving	Bhagat Singh Building (N-Block)
01:00 PM	Break	Food Zone near Bhagat Singh
01:30 PM	Hacking Session 1	Bhagat Singh Building (N-Block)
04:30 PM	High Tea	
05:00 PM	Hacking Session 2	
08:00 PM	Dinner	
09:00 PM	Hacking Session 3

Report on

Inter/Intra Institution Innovation Hackathon: PU Code Hackathon

ACTIVITY TYPE	Inter/Intra Institution Innovation Hackathon: PU Code Hackathon		
DATE & TIME	23 rd and 24 th January 2026	Duration	2 Day
SEMESTER	All	No. of participants	726 teams
EXPERT NAME WITH DESIGNATION	Mr. Pranav Pandya, Co-Founder & Chairman of Dev Information Technology Limited ,Mr. Shri Arun Mahesh Babu M.S., IAS, Vadodara Municipal Corporation (VMC),		

Introduction

The Inter/Intra Institution Innovation Hackathon **PU Code Hackathon 3.0** was successfully organized by Parul University on 23rd–24th January, bringing together young innovators, coders, and problem-solvers from across the country.

The hackathon aimed to create an intensive innovation ecosystem where students could collaborate, ideate, and develop technological solutions to real-world challenges within a limited time frame. With participation from **30 universities**, the event became a hub of creativity, technical excellence, and entrepreneurial spirit.

Objective

The key objectives of the hackathon were:

- To foster a culture of innovation, creativity, and entrepreneurship among students.
- To provide a platform for students to solve real-world challenges using advanced technologies.
- To encourage interdisciplinary teamwork and collaboration.
- To enhance students' technical, analytical, and problem-solving skills.
- To bridge the gap between academic learning and industry expectations.
- To identify potential startup ideas and scalable solutions.

Domains & Problem Statements

Participants worked on problem statements across diverse and emerging technology domains:

- Artificial Intelligence in Healthcare
- Big Data
- Blockchain
- Cloud Computing
- Cyber Security
- Internet of Things (IoT)
- Smart Vadodara: VMC Innovate
- Web 2.0

These domains were carefully selected to address current industry challenges and societal needs, encouraging students to develop innovative, practical, and scalable solutions.

Details of the Program

The PU Code Hackathon 3.0 was conducted as a **36-hour continuous coding and innovation challenge**, designed to simulate real-world problem-solving under pressure.

Participation & Selection Process

- A total of **715 teams comprising 2,570 students** registered from 30 universities.
- Teams underwent a **rigorous screening and evaluation process** based on their problem understanding, innovation potential, and feasibility of solutions.
- After shortlisting, **157 teams (567 participants)** advanced to the final round.

Hackathon Execution (36-Hour Journey)

Day 1: Inauguration & Problem Kick-off

- The event began with an inaugural session introducing the hackathon guidelines, evaluation criteria, and expectations.
- Participants were officially assigned or confirmed their problem statements.
- Teams started brainstorming, ideation, and designing their solution frameworks.

Development Phase (Continuous 36 Hours)

- Students worked **non-stop for 36 hours**, showcasing dedication, passion, and resilience.
- Activities during this phase included:

- Problem analysis and research
- Designing system architecture
- Coding and development of prototypes
- Integration of technologies such as AI, IoT, and Cloud
- Testing and debugging
- Mentors and industry experts provided continuous guidance to teams, helping them refine their ideas and overcome technical challenges.

Team Collaboration & Innovation Environment

- The hackathon created a highly energetic and collaborative environment where:
 - Students worked in teams, dividing roles such as developer, designer, and presenter.
 - Peer learning and knowledge sharing were actively observed.
 - Participants experienced real startup-like pressure and workflow.

Final Evaluation & Presentation

- After the development phase, teams presented their solutions to a panel of judges.
- Evaluation criteria included:
 - Innovation and uniqueness
 - Technical feasibility
 - Scalability and real-world applicability
 - Presentation and clarity of concept
- Teams demonstrated working prototypes, models, and technical frameworks.

Chief Guest Address

The event was honored by the presence of **Mr. Pranav Pandya, Co-Founder & Chairman of Dev Information Technology Limited, Mr. Shri Arun Mahesh Babu M.S., IAS, Vadodara Municipal Corporation (VMC)**, who attended as the Chief Guest.

His address inspired participants by highlighting:

- The importance of cybersecurity and data protection in modern solutions.
- The need for innovation aligned with real-world challenges.
- Career opportunities in emerging technology domains.

Learning Outcomes

The hackathon provided participants with valuable learning experiences, including:

- Hands-on exposure to real-world problem-solving.
- Practical implementation of emerging technologies such as AI, Blockchain, and IoT.
- Improved coding, debugging, and system design skills.
- Enhanced teamwork, leadership, and communication abilities.
- Ability to work under pressure and manage time effectively.
- Understanding of startup culture and innovation lifecycle.
- Increased confidence in presenting ideas and prototypes.

Conclusion

The PU Code Hackathon 3.0 was a resounding success, reflecting the spirit of innovation, collaboration, and technical excellence. The 36-hour continuous format challenged participants to push their limits, think creatively, and develop impactful solutions.

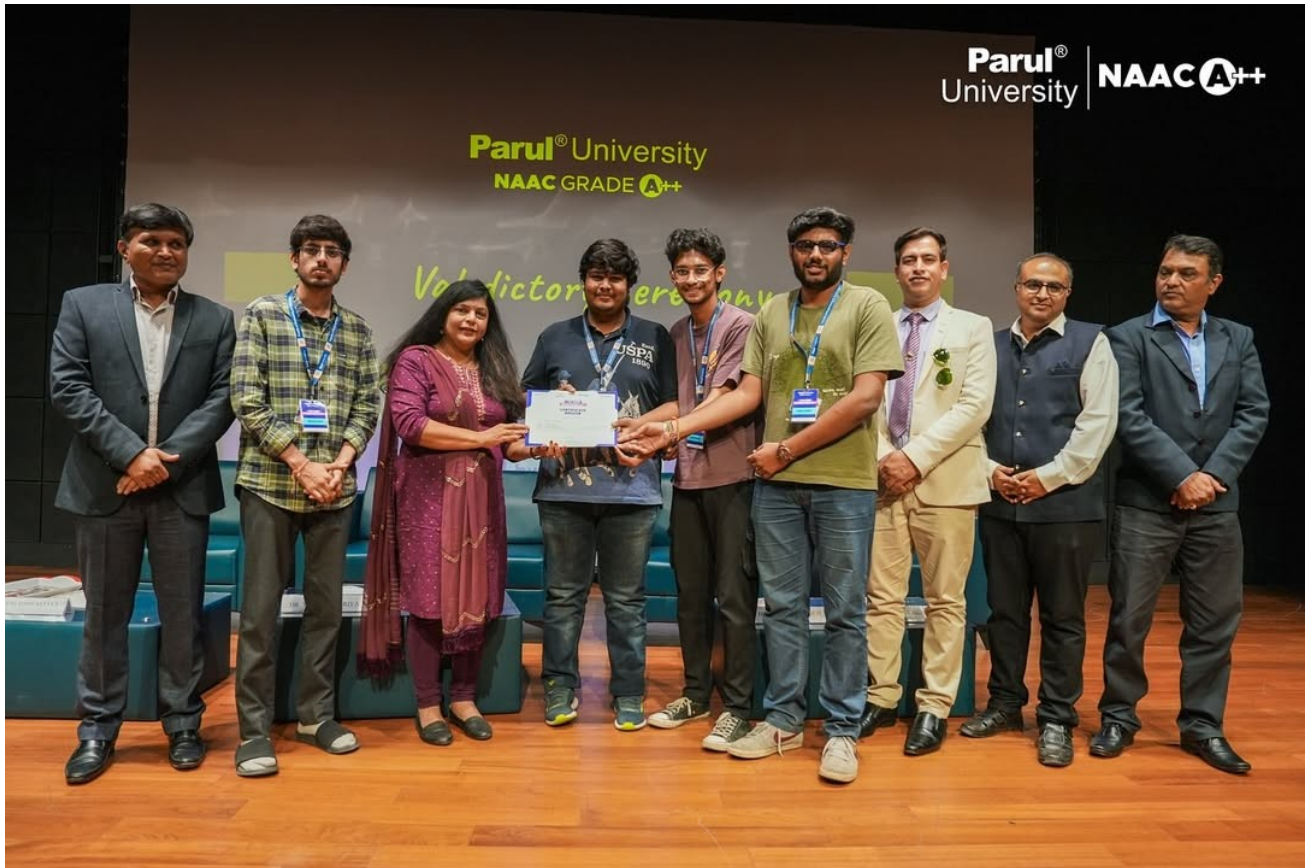

The event not only strengthened students' technical capabilities but also nurtured an entrepreneurial mindset, encouraging them to transform ideas into real-world applications. With strong participation, expert mentorship, and high-quality outcomes, the hackathon proved to be a significant step toward building a robust innovation ecosystem at Parul University and beyond.
