Introduction

KN University, Ahmedabad, through its **Youth Development Club**, organized an inspiring **Leadership Talk** on *30th August 2025* on the theme “**Entrepreneurship and Start-up.**” The program aimed to introduce students to the dynamic world of entrepreneurship and motivate them to think beyond traditional career paths by embracing innovation, leadership, and self-driven growth.

The event formed part of the university’s ongoing initiative to promote holistic education that blends academic excellence with real-world exposure. It focused on instilling an entrepreneurial mindset among first-year students, enabling them to understand how creativity and determination can lead to the creation of successful ventures.

The session was conducted by **Mr. Nikunj Adeshra**, Founder and CEO of **Proptech Cleardeals Pvt. Ltd.**, a visionary entrepreneur known for his contribution to the real estate technology sector. His presence and interaction with students brought a practical perspective to the topic, enriching their understanding of start-up culture, innovation, and leadership.

Objectives of the Program

The Youth Development Club designed this Leadership Talk with specific objectives aimed at empowering students to become self-reliant and forward-thinking individuals.

- To create awareness about entrepreneurship as a career option and as a means of personal and social transformation.
- To help students understand the essential qualities of leadership, innovation, and resilience required in the start-up ecosystem.

- To introduce students to real-world entrepreneurial experiences through the insights of a successful industry leader.
- To motivate students to take initiative and pursue their innovative ideas under programs such as SSIP and Startup India.
- To align student learning with the vision of the National Education Policy (NEP 2020), which promotes creativity, critical thinking, and experiential learning.

Overview of the Program

The event began with a welcome address by a faculty member from the Youth Development Club, who introduced the speaker and highlighted the importance of cultivating leadership and entrepreneurial values among young learners.

Mr. Nikunj Adeshra then delivered an engaging and highly interactive talk on the theme “*Entrepreneurship and Start-up*.” He began by sharing his personal journey of founding PropTech Cleardeals Pvt. Ltd. and how his vision and persistence turned challenges into opportunities. His story resonated with students, demonstrating that innovation combined with determination can lead to remarkable success.

He emphasized that entrepreneurship is not just about launching a business; it is about identifying problems, developing creative solutions, and generating value for society. He encouraged students to think differently, question existing systems, and identify gaps where innovation can bring positive change.

Throughout the talk, Mr. Adeshra highlighted the importance of leadership in entrepreneurship. He explained how a true leader inspires a team, builds trust, and drives collective growth. He also discussed the essential traits of successful entrepreneurs, such as adaptability, strategic thinking, and effective communication.

The audience was captivated by his practical insights into how start-ups evolve, the role of technology in business transformation, and the opportunities available for young innovators in India’s booming start-up ecosystem.

Key Highlights of the Session

- **Understanding Entrepreneurship:** The speaker explained entrepreneurship as a mindset that thrives on innovation, problem-solving, and opportunity recognition. He emphasized that students can apply entrepreneurial thinking in all professions, not just in business.
- **The Journey of a Start-up:** Mr. Adeshra shared real experiences from his entrepreneurial journey, discussing the phases of conceptualization, development, funding, and growth of a start-up.
- **Innovation and Creativity:** He encouraged students to think creatively and explore how technology can be leveraged to address everyday challenges.
- **Leadership Lessons:** The speaker elaborated on leadership qualities such as decision-making, emotional intelligence, and persistence, which are essential for managing teams and achieving long-term goals.
- **Overcoming Challenges:** Students were reminded that setbacks are a natural part of entrepreneurship. Mr. Adeshra urged them to view failures as opportunities to learn and improve.

- **Opportunities in India's Start-up Ecosystem:** The session shed light on various support systems for young entrepreneurs, including government programs, incubation centers, and university-level initiatives under SSIP.
- **Interactive Q&A:** The session concluded with an interactive discussion, where students asked insightful questions about idea validation, funding options, and balancing innovation with academics.

Learning Outcomes

The Leadership Talk was a transformative experience for students, equipping them with valuable lessons and inspiration. Key learning outcomes included:

- A clear understanding of the entrepreneurial mindset and its role in fostering innovation and self-reliance.
- Awareness of the start-up development process — from ideation to execution and sustainability.
- Knowledge of government and institutional initiatives supporting entrepreneurship.
- Recognition of leadership qualities required to manage teams and drive growth.
- Motivation to pursue innovative ideas and contribute meaningfully to society.

Students expressed great enthusiasm and gratitude for the session, stating that it gave them a new perspective on career planning and personal development. Many shared that the talk inspired them to explore entrepreneurship as a serious career choice.

Impact of the Program

The Youth Development Program had a profound impact on participants. For many first-semester students, this was their first exposure to real-world entrepreneurship. The speaker's practical insights and relatable journey made complex concepts accessible and inspiring.

The event reinforced the importance of developing leadership qualities early in academic life and helped bridge the gap between theoretical education and practical skills. It also aligned perfectly with the **NEP 2020** framework by emphasizing experiential learning and innovation-driven education.

Faculty members appreciated the initiative, noting that such programs contribute significantly to student development and help shape future leaders. The event also strengthened KN University's commitment to nurturing creativity, critical thinking, and innovation through regular interaction with industry professionals.

Conclusion

The **Leadership Talk on "Entrepreneurship and Start-up"** organized by the **Youth Development Club of KN University** on **30th August 2025** was a resounding success. The session by **Mr. Nikunj Adeshra**, Founder and CEO of **Proptech Cleardeals Pvt. Ltd.**, inspired students to think innovatively and take bold steps toward realizing their ideas.

Through his engaging storytelling and practical advice, Mr. Adeshra encouraged students to develop leadership, resilience, and creativity — qualities essential for both entrepreneurial and professional success. The event not only broadened students' horizons but also reinforced KN University's dedication to empowering youth through transformative learning experiences.

By hosting such impactful sessions, KN University continues to foster a culture of innovation, leadership, and social responsibility, preparing its students to become visionary contributors to the nation's growth and global advancement.
