"Trustworthy AI: Security, Privacy, and Ethics in Intelligent Systems" 2026 Report

School	KN University		
Program	IT Department		
Semester	2 st , 4 th & 6 th		
Activity Type	workshop		
Date	19/1/2026		
Participants	Students	No. of Participants	60
Location	KN University, Gota, Ahmedabad		
Name of Faculty	Dr. Monika Bhatt		
Faculties contact details			

Overview

On 19th January 2026, KN University, Ahmedabad organized a full-day academic activity comprising a **Poster Making Competition** and a **Workshop on Trustworthy AI: Security, Privacy, and Ethics in Intelligent Systems**. The events were conducted under the initiatives of the Ministry of Education, Institution's Innovation Council, MHRD's Innovation Cell, and AICTE.

Poster Making Competition (9:00 AM – 11:00 AM)

The day began with a creative **Poster Making Competition** aimed at encouraging students to visually express their understanding of ethical and secure AI practices. Participants from 2nd, 4th, and 6th semesters showcased innovative ideas through posters highlighting:

- AI and data privacy
- Ethical dilemmas in intelligent systems
- Security challenges in AI applications

The competition fostered creativity, critical thinking, and teamwork among students.

Workshop (11:00 AM – 2:00 PM)

Following the competition, a **Workshop on Trustworthy AI** was conducted in the university auditorium. The session was inaugurated under the esteemed patronage of **Prof. (Dr.) Vijay Kumar Srivastava**, Hon'ble Vice Chancellor, KN University. The keynote address was delivered by **Dr. Aditi Sharma**, Associate Professor, Symbiosis University, who emphasized the importance of building secure, ethical, and privacy-aware AI systems.

Prof. Monika Bhatt, Dean, Faculty of Technology, KN University, served as the convener and highlighted the relevance of trustworthy AI in both academic and industrial applications.

Event Outline

- **Inauguration:** The event was organized under the guidance of Honorable Vice Chancellor Prof.(Dr) Vijay Kumar Srivastava and Registrar sir Alok Kumar Singh.
- **Commencement:** The poster making compition was between 9:00 AM to 11:00AM and the workshop was between 11:00 AM to 2:00 PM.
- **Coordination:** Faculty Deans, faculty members, HODs, and volunteers assisted in the distribution and coordination of the event.
- **Mandatory Participation:** Active participation was mandatory for all staff and students of BCA, BSC, MCA, IMSC, IMCA and B.TECH
- **Attire & Equipment:** Participants were advised to wear formal attire.

Objectives:

- To introduce participants to the principles of Trustworthy AI.
- To highlight issues related to security, privacy, and ethical concerns in intelligent systems.
- To explore risk mitigation strategies and regulatory frameworks.
- To engage participants in discussions about responsible and fair AI design.
- To encourage students to think critically about AI implications in society.

Outcomes:

- Active participation from **60 students** across multiple semesters.
- Enhanced awareness of ethical and secure AI practices.
- Creative poster presentations reflecting students' perspectives on AI challenges.
- Interactive discussions reinforcing the importance of responsible AI development.

Photographs:

Key Highlights

- Successful integration of creativity (poster making) with academic learning (workshop).
- Enthusiastic participation from students and faculty members.
- The event reinforced the university's commitment to promoting innovation, ethical technology practices, and quality education.

Conclusion

The **Poster Making Competition** and **Workshop on Trustworthy AI** held on 19th January 2026 concluded successfully. The events not only provided students with a platform to showcase their creativity but also deepened their understanding of ethical, secure, and privacy-aware AI systems. The initiative reflects KN University's dedication to fostering innovation and responsible technology practices.
