

Industrial Visit Report

School	KN School of Pharmacy		
Program	B. Pharm		
Semester	5th		
Activity Type	Industrial Visit		
Date	18/07/2026		
Participants	Students	No. of Students	39
Topic Covered	Central Instruments Facility (CIF) with the latest and the most advanced analytical techniques.		
Location	NIPER Ahmedabad, Opposite Air force Station, Palaj, Gandhinagar-382355, Gujarat, India		
Name of Faculties	Ms. Zalak Patel, Ms.Foram Thakor and Mr. Anshul Patidar		

Overview:

The NIPER visit was arranged under the Coordination of Dr. Hiral Panchal, Principal, KN School of Pharmacy, & SSIP Cell of KN University with the aim to provide students the practical exposure to Pharmaceutical Research and its processes at NIPER, Ahmerdabad. This will offer a blend of professional and personal growth opportunities. 39 students had participated with 03 faculty members- Ms. Zalak Patel, Ms.Foram Thakor and Mr. Anshul Patidar.

Itinerary of the day:

Time	Activity	Location
08:30 AM	Departure from KN University premises	KN University, Ahmedabad
09:20 AM	Arrival at NIPER Ahmedabad	NIPER Ahmedabad
09:30 AM - 11:45 PM	Institute's different Central Research lab facility visits to NIPER	NIPER Ahmedabad
11:45 AM - 01:00 PM	Interaction meeting with dean of NIPER Ahmedabad and refreshmentat their conference room	NIPER Ahmedabad

Time	Activity	Location
01:45 PM	Return to KN University premises	KN University, Ahmedabad

Outline of the visit:

On the day of the NIPER visit, an embarking journey filled with learning and enrichment was begin to explore NIPER Ahmedabad. The day began with an early departure from KN University, buzzing with excitement and anticipation. At NIPER Ahmedabad, students were introduced to the intricate processes of pharmaceutical research, and quality assurance, gaining valuable insights into the research cutting-edge practices. Engaging discussions with professionals further deepened our understanding of the field. The combination of professional exposure and reseach exploration made the day, leaving all with memories and lessons that will stay with for a lifetime.

The visit to Spensus NIPER Ahmedabad was a day of diverse and enriching experiences. At NIPER Ahmedabad, the detailed walkthrough of the facilities and insightful discussions with research professionals provided all with a deeper understanding of the challenges and solutions in pharmaceutical practices. The technical learning made the day both productive and memorable, leaving a lasting impression on all participants.

Objectives:

1) Professional Learning at Spensus Pharma Ltd.:

- The institute has a vision to gradually develop it into a world-class Centre that will facilitate cutting-edge research in the frontier areas as well as inculcate a culture of interdisciplinary, multidisciplinary and transdisciplinary research.
- In effort for Self sustaining state-of-the-art Instrumentation facility in the region and for societal benefit, we cater these services to researchers and students from other institutions as well as industries through a complete online booking system with minimal human interventions.
- To understand the research processes and operational workflow in the research facility.
- To gain insights into research and development practices for innovative drug formulations.
- To observe quality assurance and control protocols in a real-world industrial setting.
- To interact with research professionals and learn about career opportunities and challenges in the pharmaceutical sector.

Outcome:

1) Learning from NIPER Ahmedabad:

- To gain first-hand experience of the pharmaceutical research and understand the real-world processes involved in research area and its development.
- To observe how research and quality control are conducted in a professional setting, and how they ensure the safety and efficacy of medicines.

- To interact with professionals and ask questions about potential career paths in the pharmaceutical field, enhancing our future job prospects.

2) Overall Personal and Academic Growth:

- To see how classroom knowledge applies in the real world, especially in a scientific and research perspective.
- To bond with classmates and faculty, fostering a sense of community and teamwork.
- To gain new perspectives on how to balance professional ambitions with personal growth, helping to shape our future paths.

Conclusion:

The educational visit to NIPER Ahmedabad was a highly informative and enriching experience for the students. It provided valuable exposure to advanced pharmaceutical research, modern laboratory facilities, and the academic environment of one of India's premier pharmaceutical institutions. Through interactions with faculty members and researchers, students gained insights into current developments in pharmaceutical sciences, drug discovery, formulation development, and research methodologies.

The visit helped bridge the gap between theoretical knowledge and practical applications, enhancing students' understanding of career opportunities in the pharmaceutical and healthcare sectors. It also inspired students to pursue higher education, research, and innovation in the field of pharmacy. Overall, the visit was successful in broadening students' perspectives, motivating them toward academic excellence, and strengthening their interest in scientific research and professional development.
