

SSIP2.0 Sensitization Sessions

Event Name: Sensitization Programme for SSIP 2.0

Date: 21/8/2026

Venue/ Mode: Government B.Ed College Kachhal

No of Participants: 61

Speakers Name: Dr. Rohit Valand, Assistant Professor, Government B.Ed. College, Kachhal

About Event:

The sensitisation programme for the SSIP 2.0 was organised at the College for the B.Ed. students. The coordinator explained the need for entrepreneurship in today's world and how students can think of novel ideas and think of starting up their own ventures. The SSIP 2.0 Policy was explained in detail to give students ideas about grant availability and support eco system to venture and implement new ideas. The key words such as Design thinking, problem identification, defining it, empathy with the customers, creating a proto-type and testing it and process of taking up startup was explained. The students were encouraged to observe around and think of novel solutions for the existing problems.

Outcome of Event: The B.Ed. students became aware about the key terms and process for undertaking any start-ups. They were aware about the SSIP 2.0. Policy. The Idea Fest was announced and students were asked to submit their novel ideas.
