Report on

"Sensitization Program on Student Startup nad Innovation Policy 2.0"

Government Science College Mandvi organized "Sensitization Program on Student Startup nad Innovation Policy 2.0" under SSIP CELL in colabaration with KCG on 10/08/2026 at Smart Class from 11:00 AM to 2:00 PM. The event aimed at promoting awareness and understanding of the policy among students and faculty members, fostering a culture of innovation, entrepreneurship, and startups within the institution. SSIP 2.0 is a government initiative designed to provide a nurturing environment for young innovators in Gujarat. The policy seeks to support student-led startups, offering funding and mentorship to promote entrepreneurial spirit. The sensitization program was focused on informing students about the opportunities, processes, and resources available under this policy.

The main objectives of the sensitization program were to introduce students to SSIP 2.0 and its benefits and encourage innovation and entrepreneurship among students. As well as guide students on how to take their ideas from concept to prototype and startup stages. The session was conducted by Dr. Alpesh Malsatar, Senior Officer at Bal Krishna Industry Limited having expertise in innovative solution of industrial problem. Total 39 students actively participated in this interactive session. Dr. Aplesh explained about how to think innovative to solve problems which we are facing in everyday life. The event successfully raised awareness among students about the importance of innovation and the available opportunities under SSIP 2.0 and sensitized students to submit their ideas to SSIP cell.

The program concluded with a vote of thanks delivered by Dr. Nayan Bhuya, SSIP Coordinator, who appreciated Dr. Alpesh Malsatar's efforts and encouraged the students to actively participate in SSIP activities. The session was highly impactful and served its purpose of sensitizing young innovators toward structured innovation practices. Overall, the event was a significant step in strengthening the innovation ecosystem at Government Science College, Mandvi-Kachchh and aligning student efforts with the goals of SSIP 2.0. It laid the foundation for increased participation from the Environment Science and Marine Science students in future for innovation and startup initiatives.
