1. Introduction & Executive Summary

On August 14, 2026, Government Arts, Commerce, and Science College, Jam Khambhaliya successfully organized an **Orientation & Sensitization Seminar on the Student Start-up and Innovation Policy (SSIP)**. Sponsored and driven by the Education Department, Government of Gujarat, the program aimed to cultivate an entrepreneurial mindset, encourage innovative thinking, and inform undergraduate students about the financial and infrastructural support available through the SSIP scheme.

A total of **75 enthusiastic students** across various streams attended the interactive seminar.

2. Seminar Objectives

- To create awareness among students regarding the Gujarat Government's Student Start-up and Innovation Policy (SSIP).
- To explain the processes involved in transforming innovative ideas into viable start-ups and prototypes.
- To inform students about funding opportunities, patent filing assistance, mentoring support, and institutional guidance available under SSIP.
- To inspire students to solve real-world problems through creative and business-oriented solutions.

3. Proceedings & Key Highlights

Inaugural Session

The event commenced with a traditional welcome and introductory remarks. **Dr. Kamlesh R. Gojiya**, the SSIP Coordinator, welcomed the dignitaries, faculty members, and student participants. He outlined the purpose of the orientation session and emphasized the importance of innovation in today's modern economy.

Dr. P. R. Chauhan, Principal of the college, presided over the session. In his address, he motivated the students to think beyond traditional career paths and leverage the resources provided by the Government of Gujarat to turn their creative ideas into successful ventures.

Keynote Address by Chief Guest

The Chief Guest for the occasion, **Dr. Aditya Viramgama**, Head of the Gujarati Department, delivered an engaging address focused on the role of critical thinking, problem-solving, and adaptability in entrepreneurship.

Key topics covered during his session included:

- **Demystifying Innovation:** How simple solutions to day-to-day community or industrial challenges can form the core of a start-up.
- **Support Framework:** An overview of how SSIP assists students with proof-of-concept (PoC) development, prototyping, and intellectual property (IP) rights.
- **Mindset Transformation:** Encouraging students to embrace continuous learning, experimentation, and resilience.

Interactive Q&A Session

Following the presentations, a dedicated Q&A session was conducted. The 75 participating students actively asked questions regarding project eligibility, grant applications, and balancing innovation work alongside academic curricula. The dignitaries provided practical insights and guidance.

4. Outcomes & Impact

- **Increased Awareness:** 75 students gained a clear understanding of the SSIP framework, funding pathways, and mentorship channels.
- **Student Motivation:** The session successfully sparked interest among several student groups to brainstorm innovative project ideas eligible for future SSIP grants.
- **Institutional Alignment:** Reinforced the college's commitment to supporting the Government of Gujarat's mission to foster an innovation-driven educational ecosystem.

5. Conclusion

The SSIP Orientation & Sensitization Seminar was a resounding success. The collaborative efforts of Principal Dr. P. R. Chauhan, Coordinator Dr. Kamlesh R. Gojiya, and Chief Guest Dr. Aditya Viramgama ensured that students received valuable direction for their entrepreneurial aspirations.
