

REPORT ON SMART INDIA HACKATHON (SIH) – INTERNAL LEVEL 2026

Introduction

The **Internal Hackathon for Smart India Hackathon (SIH)** was successfully organized by **Sardar Patel College of Engineering and Technology (SPCET), Bakrol** on **22nd August 2026** at the **SPEC Campus**.

This hackathon was designed to serve as the **first level of selection** for students aspiring to participate in the **Smart India Hackathon (SIH) 2026**, a nationwide initiative by the Government of India to promote innovation, problem-solving, and out-of-the-box thinking among students.

The event aimed to:

- Encourage young minds to apply technical knowledge to real-world challenges.
- Foster teamwork, collaboration, and innovation.
- Select the best performing teams to represent SPCET in the next stages of SIH.

Event Overview

Event Name: Internal Hackathon for Smart India Hackathon

Date: 22nd August 2026

Time: 9:00 AM onwards

Venue: SPCET Building, SPEC Campus, Bakrol

- B.E / M.E / B.VOC.
- DIPLOMA ENGINEERING
- WORKING PROFESSIONAL

The hackathon witnessed **active participation from students across multiple branches** of engineering, computer science, and related disciplines. Teams were tasked with solving **real-world problem statements** in diverse domains such as:

- Artificial Intelligence & Machine Learning
- Cybersecurity
- Healthcare Technologies
- Agriculture & Rural Development
- Smart Automation
- Education & E-Governance

Each team was given **a limited time to develop prototypes or solutions** and present them before an expert panel of judges.

Judges Panel Introduction:

The Internal Hackathon was honored to have an esteemed panel of judges who evaluated the teams on innovation, feasibility, technical implementation, and presentation:

- **Mr. Shital Patel** – *Secretary, SPEC (Sardar Patel Education Campus)* A visionary leader and key driving force behind SPEC, He encourages innovation, excellence, and industry-academia collaboration.
- **Dr. Nanak Pamnani- Principal, SPCET** With vast academic and administrative experience, Dr. Pamnani brings in-depth knowledge of engineering education and fosters student-centric learning.
- **Dr. Rutvij Joshi** – *Vice Principal, SPCET* With vast academic and administrative experience, Dr. Joshi brings in-depth knowledge of engineering education and fosters student-centric learning.
- **Mr. Jay Sir** – *Assistant Professor & Academic Head,*

- B.E / M.E / B.VOC.
- DIPLOMA ENGINEERING
- WORKING PROFESSIONAL

SPCET Known for his academic leadership and technical expertise, he has guided several student projects and research initiatives.

- **Mr. Nikul Sir** – *Assistant Professor & Administrative Head, SPCET* A dynamic academicians who bridges administration with academics, ensuring smooth execution of institutional events.
- **Mr. Jeet Parmar** – *Officer, SPEC* A dedicated officer who contributes significantly to the planning and execution of academic and technical programs at SPEC.

4. Activities Conducted

During the hackathon, the participating teams worked extensively on their assigned problem statements. The major activities included:

- Understanding and analysing the given problem statements.
- Identifying the key challenges and requirements.
- Brainstorming innovative ideas and possible solutions.
- Designing suitable technical approaches.
- Developing prototypes and solution models.
- Implementing and testing their proposed solutions.
- Preparing presentations and demonstrations.
- Presenting their solutions before the evaluation panel.

The teams worked with great enthusiasm and demonstrated effective **teamwork, communication, time management, and technical skills** throughout the event.

5. Performance of the Teams

All **36 participating teams performed exceptionally well** and made sincere efforts to address their respective problem statements. The quality of ideas and solutions presented by the teams reflected their creativity and understanding of emerging technologies.

The participants successfully transformed their ideas into meaningful solutions and demonstrated their ability to approach complex problems in a structured and innovative manner.

The event also encouraged students to think beyond conventional approaches and explore the practical applications of technologies in solving societal and industry-related challenges.

6. Evaluation

The teams were evaluated based on various aspects of their proposed solutions, including:

- Understanding of the problem statement
- Innovation and originality of the proposed idea
- Technical feasibility
- Practical applicability
- Quality of the prototype/implementation
- Problem-solving approach
- Presentation and demonstration
- Teamwork and overall execution

The evaluation process provided students with valuable feedback and helped them understand the strengths and areas for improvement in their solutions.

7. Learning Outcomes

The Internal Level SIH 2026 provided participants with significant learning opportunities. Through the hackathon, students gained practical experience in:

- Real-world problem solving
- Innovation and ideation
- Software and technology development
- Team collaboration
- Project planning and execution
- Presentation and communication skills
- Working under time constraints
- Developing technology-based solutions

The event helped bridge the gap between **academic learning and practical implementation** by allowing students to apply their knowledge to real-world challenges.

8. Conclusion

The **Smart India Hackathon – Internal Level 2026**, held on **22nd August 2026**, was successfully conducted with the active participation of **36 teams**.

All the participating teams demonstrated **great enthusiasm, creativity, technical competence, and dedication** towards their respective problem statements. Their efforts and innovative approaches made the event highly engaging and productive.
