| 1.  | Title                 | Idea to Reality Hands on Workshop                                                                                                                                                                                                                                                                                                                                                                            |
| 2.  | Objective of an Event | To equip participants with practical skills in prototyping by transforming innovative ideas into tangible models using laser cutting.                                                                                                                                                                                                                                                                        |
| 3.  | About an Event        | The <i>"Idea to Reality: Hands-on Workshop using Laser Cutting Machine"</i> aims to equip participants with practical skills in rapid prototyping and product design. Through guided sessions, participants will learn to transform innovative ideas into tangible models using advanced fabrication tools, fostering creativity, innovation, and technical understanding in modern manufacturing processes. |
