EVENT REPORT: Bootcamp on Prototype Development

Theme: Bridging the Gap Between Idea & Impact

Date & Time: October 3, 2026 | 11:30 AM Onwards

Mode: Hybrid (On-Campus & Online via Google Meet)

Venue: Science Smart Class, DKV College, Jamnagar

Patron: Dr. P. V. Bangoriya (Principal)

Keynote Speaker: Dr. P. S. Vachhani (Bahauddin Science College)

Participation: 61 Registered Students (Arts & Science)

1. EVENT OBJECTIVES & STRATEGIC OUTREACH

Organized under the flagship SSIP 2.0 Policy, this bootcamp aimed to instill design thinking, rapid prototyping skills, and grant navigation among higher education students. Delivered in a hybrid mode, the session extended outreach beyond internal students to create widespread innovation awareness across nearby cluster colleges as well as non-SSIP grantee institutions lacking dedicated innovation infrastructure.

2. KEY SESSION HIGHLIGHTS

- **Design Thinking & Ideation:** Guidance on identifying real-world problems and validating early-stage ideas into scalable concepts.
- **Hardware & Software Prototyping:** Practical exposure to low-cost modeling tools, open-source microcontrollers, and MVP build methodologies.
- **SSIP 2.0 Grant Pathways:** Complete overview of funding avenues, IP/patent support, and proof-of-concept (PoC) prototyping grants available up to ₹2.00 Lakhs per project.
- **Seva First Innovation Challenges Orientation:** Detailed briefing informing participants about the 'Seva First Innovation Challenges', encouraging student innovators to formulate solution-driven prototypes targeting societal and civic impact.
