🏴 Event Overview

Dr. Jivraj Mehta Institute of Technology & Polytechnic, Mogar, Gujarat, organized an awareness programme titled **"Innovation and Startup: The Path Ahead"** on 1 September 2026. The programme aimed to encourage students to develop an innovative mindset, explore entrepreneurial opportunities, and understand the importance of startups in addressing real-world challenges.

The event featured **Prof. Sunil Chaki**, Coordinator of SPU-SSIP-Navadhārā, Sardar Patel University, as the resource person. A total of 108 participants attended the programme.

Objectives of the Program

The major objectives of the programme were:

- To create awareness about innovation, entrepreneurship, and startup development.
- To motivate students to identify problems and develop creative, practical solutions.
- To introduce participants to the startup ecosystem and opportunities available to aspiring entrepreneurs.
- To encourage students to transform innovative ideas into viable products, services, and business ventures.
- To promote awareness of institutional support and student innovation initiatives, including the Student Startup and Innovation Policy (SSIP).

Resource Person

The programme focused on the significance of innovation and entrepreneurship in the rapidly evolving technological and economic environment. Prof. Sunil Chaki addressed the participants and highlighted the importance of creativity, critical thinking, problem-solving, and a willingness to experiment in developing innovative solutions.

The resource person encouraged students to look beyond conventional career paths and consider entrepreneurship as an opportunity to turn their ideas into meaningful ventures. The discussion emphasized identifying societal and industrial needs, developing prototypes, evaluating the feasibility of ideas, and pursuing continuous improvement.

SSIP2.0 Sensitization Sessions

The programme also highlighted the role of institutional support mechanisms and student innovation initiatives in nurturing entrepreneurial talent. Participants were encouraged to explore opportunities for developing technology-based solutions and to seek appropriate guidance and support for advancing their innovative ideas.

Key Outcomes

The programme witnessed the participation of **108 attendees**, reflecting the institution's engagement in promoting innovation and entrepreneurship awareness.

The session aimed to strengthen participants' understanding of the startup ecosystem and inspire them to explore entrepreneurial possibilities. It also reinforced the importance of developing an innovative mindset, undertaking practical projects, and seeking appropriate institutional guidance to advance promising ideas.

Conclusion

The programme **"Innovation and Startup: The Path Ahead"** served as an initiative to promote innovation, creativity, and entrepreneurship among students. The address by Prof. Sunil Chaki provided an opportunity to understand the importance of developing innovative ideas and exploring pathways towards startup creation.

The programme concluded with an emphasis on nurturing entrepreneurial thinking, encouraging student-led innovation, and building awareness of available institutional support mechanisms. The initiative aligned with the broader objective of fostering a culture of innovation and entrepreneurship in technical education.
