

## **DESIGN THINKING SEMINAR || 27<sup>th</sup> August 2022**

On August 27, 2022 (Saturday), a seminar on Design Thinking was conducted with the aim of sensitizing students to the process of Design Thinking. The speaker for the seminar was Mr. Karmjitsinh Bihola, a Design Thinker, Innovation Strategist, and Startup Mentor. Mr. Bihola is also the founder of Innodesk Designovation, a design and innovation consultancy.

Mr. Bihola's expertise in the field of Design Thinking and innovation was likely shared with the attendees during the seminar. Design Thinking is a human-centered approach to problem-solving that emphasizes empathy, experimentation, and collaboration. It involves understanding user needs, generating creative ideas, prototyping solutions, and testing them iteratively.

In addition to his work with Innodesk Designovation, Mr. Bihola has also served as a Services Global Advisor for the World Change Summit (WCS). WCS is a platform that brings together leaders, innovators, and change-makers to address global challenges. Furthermore, he holds the position of Director at the Ahmedabad chapter of the Founder Institute (FI), which is a global network of startup accelerators.

The seminar provided an opportunity for students to gain insights into the principles and process of Design Thinking from an experienced professional. Mr. Bihola's diverse background and involvement in various innovation and startup-related initiatives likely enriched the seminar and offered valuable perspectives on the topic.
