SSIP Awareness Activity During the Visit of Silver Oak University Students

Date: 09 September 2026
Venue: Gujarat Biotechnology University (GBU), Gandhinagar
Participants: 47 students from Silver Oak University

On 09 September 2026, 47 students from Silver Oak University visited Gujarat Biotechnology University (GBU), Gandhinagar. During the visit, an SSIP Awareness Activity was organized to introduce students to the Student Startup and Innovation Policy (SSIP 2.0), its objectives, and the support available for student innovators.

The Director of GBU encouraged students to develop innovative ideas, explore entrepreneurship, and transform their ideas into practical solutions through prototypes and startup initiatives. The Director also guided students on the importance of innovation, problem-solving, and utilizing available institutional support and funding opportunities to develop their ideas.

As part of the activity, information about SSIP 2.0, student innovation support, and funding opportunities was shared with the visiting students. An SSIP awareness video was also screened to motivate students and create awareness about innovation, startup development, and entrepreneurship.

The activity aimed to inspire students to cultivate an innovative mindset, explore entrepreneurial opportunities, and make effective use of available support mechanisms to turn their ideas into impactful solutions.
