Brief of the Event :

The session began with an introduction to the importance of **innovation and entrepreneurship in solving real-world problems**. Students were encouraged to look beyond conventional thinking and understand how an idea can be developed into a practical solution.

The role of **IIC and SSIP** in supporting student innovation was also explained. Students were introduced to various activities such as idea generation, innovation challenges, ideation workshops, design thinking sessions, startup activities, hackathons and prototype showcases.

The session further highlighted the different forms of support available for innovation and entrepreneurship, including **prototype/Proof of Concept (PoC) grants, intellectual property support and startup seed support** under the initiatives presented in the session. For school students, the presentation specifically highlighted a **School Innovation Grant of up to ₹20,000 per innovation for Class 9–12 students**.

Outcome of the Event:

- Students developed awareness about innovation, entrepreneurship, and startup opportunities.
- Students understood the role of IIC and SSIP in supporting young innovators through mentorship, competitions, grants, and startup initiatives.
- The session encouraged students to identify real-world problems and think of creative, practical solutions.
- Students gained introductory knowledge of design thinking, ideation, hackathons, and prototype development.
- Students became more aware of financial and intellectual-property support available for student innovations, including the School Innovation Grant.
- The health-awareness component improved students' understanding of cancer, its risk factors, treatment approaches, and prevention.
- Students gained basic knowledge of the immune system, T cells, B cells, and their functions.
- Students were made aware of HPV, HPV vaccination, and its role in preventing certain HPV-related cancers.
- Students were introduced to keratoconus and corneal cross-linking, increasing awareness of eye health.
- Overall, the event encouraged students to think innovatively, explore scientific ideas, recognise real-world challenges, and consider themselves as future innovators and changemakers.
