10.IPR acts

Student Entrepreneur:
6. You
(Bamboo Salt) – Trend in Korea
The unique roasting process makes
Bamboo salt superior than regular salt
oking: Enhance flavor and boost mineral intake
l Care: Pinch of Bamboo salt in water acts as a mouth wash and toothpaste
are: Bamboo salt in your bath
etox drink: Small amount of Bamboosalt in warm water and drink to kickstart
etabolism & detoxify your body
ound care: Apply bamboo salt solution in water to wounds and cuts to promote
ealing and prevent infection

In conclusion, The seminar provided an informative platform for students to understand the importance of student entrepreneurship and innovation and the role of SSIP in supporting and encouraging entrepreneurial initiatives.

The session motivated students to develop an innovative and entrepreneurial outlook and encouraged them to explore the potential of transforming their ideas into meaningful opportunities. The programme thus contributed towards creating greater awareness about entrepreneurship and strengthening the culture of innovation among students.
